

CALL FOR DOODLE ART

ARCHITECTURE SAVING **OUR** WORLD

Singapore Archifest 2020 invites members of the public to submit a Doodle Art that reflects the festival theme "Architecture Saving OUR World".

"Our world" has different meanings to different people. It is different for a child, young family, adults and architects. However, in any case, it is a world worth saving.

"Architecture Saving OUR World" is not about how grand architecture is, but more about novel ideas and responsible designs that benefit our ecology and humanity – from climate change and public health, to social equity and cultural continuity.

Thus we want you to showcase how architecture has been a part of your life and making a difference. Stay safe and happy drawing!

Deadline: 25 Aug 2020, 6pm

Shortlisted Doodle Arts will be showcased at the Singapore Archifest 2020 either in print, digital media, or for publicity purposes.

Submission requirements:

- Participants of any age is welcome
- Artwork must be in black and white, any medium and to be uploaded as pdf file
- Minimum canvas size from A5 (21cm by 14.8cm) in any orientation
- Maximum file size of 25MB in pdf format

Submit your artwork via QR code or at <https://bit.ly/sgarchifestdoodle>
